

Volunteer Application

(Social Cognitive Development Lab @ UBC
and the Living Lab @ Science World)

If you wish to volunteer in our lab please complete this form as thoroughly as possible!

Full Name: _____ Student ID: _____ Today's Date: _____

Year and Major : _____ Preferred E-mail address: _____

What research topics interest you the most?

Please describe any previous research or related experience including your responsibilities.

Please describe any experience working with children including their ages.

Please list all of the psychology (or related) courses you have taken (by name rather than course number).

Why do you want to volunteer in our lab? What skills do you hope to acquire?

What other skills or traits do you feel you can contribute to our lab?

What kind of time commitment can you make to the lab (i.e. the minimum and the maximum amount of time you can contribute per week) and for how long are you able/interested in volunteering (e.g. the summer, a semester, a year)?

Please email this application along with an unofficial copy of your transcript (a saved page from the web is sufficient) to Dr. Andrew Baron at *abaroon (at) psych.ubc.ca* You will be contacted shortly thereafter about potential positions in the lab.

Optional: If you would like to provide us with additional information you may do so by including a copy of your CV/resume and/or a letter and list of references in addition to this completed form.
